

Eureka!

Bond Consulting Group can rescue you from SR&ED confusion and frustration.

We have designed an intuitive online tool called SR&ED Proof.

What is SR&ED all about?

- SR&ED stands for Scientific Research and Experimental Development.
- It is the most important and most generous corporate tax incentive program in Canada.
- It is also the most complicated and misunderstood program covered by the Income Tax Act.

You may be entitled to a sizable refund but...

CRA (Canada Revenue Agency) will approve or deny your claim based on your available documentation and evidence.

Give CRA the documentation that THEY want to see!

BENEFITS OF SR&ED PROOF:

- Scientific methodology – our tool promotes an understanding of the scientific method, thereby ensuring your compliance with CRA's expectations.
- Easy to understand – proprietary Policy Wizards are built into the tool offering step-by-step guidance.
- One place for everything – upload all of your technical and financial evidence into one organized portal.
- Understand obstacles – properly identify and then allocate time directly to technological uncertainties that CRA calls "obstacles".
- Fast and efficient – produce evidence and reports for any audit request in minutes, instead of weeks or months.
- Secure – bank-level encryption.
- Multi-device convenience – update your SR&ED logs from anywhere, using your laptop, tablet or smartphone.
